## OBJECTIVES

My goal is to work as assistant teacher here in the United States, developing my skills, using my knowledge, putting my skills into practice, teaching and guiding with love and respect to everyone who comes to me. I consider it very opportune and interesting to work in the field in which I have been trained and so be able to perform all that I have learned as a professional, the experience that I have professionally and personally allow me to efficiently develop ways or mechanisms of productivity and improvement that I can put into practice , disposition or service where they are required or necessary; because, I believe that the achievements are the results of the decisions that are made and the goals that each one puts, that is why something that I take very much into account and that I always like is to evolve within the work environment where I am since one of my purposes is to try to improve what I am and what I do constantly.
